COLLEGE CALENDAR
1932-1933

First Semester

1932

Sept. 14, Wednesday, 10:30 a. m.—Orientation program for new students.

Sept. 15, Thursday, 8:10 a. m.—Opening chapel service; registration.

Sept. 16, Friday—First meeting of classes.

Sept. 17, Saturday, 2:30 p. m.—Faculty reception.

Sept. 17, Saturday, 8:00 p. m.—Y. M. C. A. and Y. W. C. A. receptions.

Nov. 24, Thursday—Thanksgiving Day.

Dec. 21, Wednesday, 3:00 p. m.—Christmas vacation begins.

1933

Jan. 5, Thursday, 8:10 a. m.—Christmas vacation ends.

Jan. 25, Wednesday—First semester examinations begin.

Jan. 31, Tuesday—First semester examinations end.

Second Semester

Feb. 2, Thursday—Second semester begins.

Feb. 7, Tuesday, 9:40 a. m.—February Meetings begin.

May 8-12—Registration for 1933-1934.

June 1, Thursday—Second semester examinations begin.

June 7, Wednesday—Second semester examinations end.

(Commencement Week)

June 3, Saturday, 8:00 p. m.—Music Department commencement.

June 4, Sunday, 10:30 a. m.—Baccalaureate service.

June 4, Sunday, 7:00 p. m.—Commencement week vesper service.

June 5, Mónday, 8:00 p. m.—Expression Department commencement.

Jnne 6, Tuesday, 8:00 p. m.—Senior class play.

June 7, Wednesday, 3:30 p. m.—Senior class-day exercises.

June 7, Wednesday, 6:30 p. m.—Annual meeting and dinner of the Alumni Association.

June 8, Thursday, 8:30 a. m.—Meeting of the Board of Directors.

June 8, 10:00 a. m.—Commencement exercises of the Class of 1933.

DR. RALPH WALDO LLOYD
President of Maryville College

COLLEGE PRESIDENT'S WELCOME

This is the one hundred and fourteenth year in the life of Maryville College. One is made very thoughtful upon realization of the great cloud of witnesses which compass about those who enter upon the work of this new session. You belong to an honorable and extensive fellowship, and you will add honor to it if you lay aside every impediment and run the race with patience.

It is with hearty good will and good wishes that I offer my word of welcome to all who enter the College gates. I sincerely hope that this may be a happy and profitable year.

RALPH WALDO LLOYD,
President of Maryville College.

EDITORIAL PREFACE

It is natural for one about to take up his abode in a new place to read all the information concerning that place that it is possible to find. Accordingly, it is natural also for us to suppose that you who will become Maryvillians on September 14, 1932, have read the formal pages of the College catalogue from cover to cover. But the catalogue does not have for its purpose the direct guiding of the new student during opening weeks of his life on our campus, and no other publication has ever undertaken that task. Besides, the catalogue is written from the point of view of the Faculty and Administration.

To give you a practical guide to the campus and its activities, the Y. M. C. A. and Y. W. C. A. have collaborated in the publication of this little handbook, which is sent to you with the compliments of both organizations. Written out of the experience and from the viewpoint of students, by students themselves, this handbook should be your "college gospel" during those opening days and weeks when a thousand questions are rushing through your head at once. May it be a real help to you, new student, as you enter the gateway of higher education.

FRANK R. NEFF, Jr., '33,
Editor-in-Chief.

DOROTHY CRUZE, '33,
Associate Editor.

PART I

GENERAL INTRODUCTION TO MARYVILLE

GENERAL INTRODUCTION TO MARYVILLE

Geographical Maryville

New students at any college often are required to answer the same question fifty times: "Where and of what sort is this place?" No doubt, many have asked you this question, and will continue to do so for some time yet, concerning Maryville. Here is an 'inclusive answer for your inquirers: "Maryville is the county seat of Blount County, eastern Tennessee, numbering, together with its twin corporation, Alcoa, ten thousand inhabitants. Fifteen miles to the southeast are the Chilhowee mountains; thirty miles in the same direction are the higher Smoky mountains of the new great national park. Seventy miles to the northwest one can see, on a clear day, the Cumberland mountains. The valley in which Maryville is situated is a long valley beginning at Chattanooga as the Tennessee Valley, continuing northeastward above Bristol as the Virginia Valley, going north of Staunton as the Shenandoah Valley, and running on up past Hagerstown, Maryland, to include also the Pennsylvania cities of Chambersburg, Harrisburg, Reading, and Easton. Maryville is 16 miles south of Knoxville, and is 100 miles from Chattanooga, 200 miles from Nashville, 300 from Cincinnati, 400 from Memphis, 500 from Detroit, 600 from Chicago and from St. Louis, 700 from Philadelphia and from New Orleans, and 800 from New York City and from Miami Beach. (All figures are very approximate, but they serve the purpose.)

Maryville experiences warm days and cool nights. Winter is cold, but not long. The warmer season is no higher in temperature than anywhere else; it is simply longer. There is plenty of rainfall during autumn and winter. Do not mind that, however, for the clouds make the most glorious sunsets you ever saw. Then, too, the sunny weather, for which Tennessee is noted, is all the more appreciated.

Arrival at Maryville

Naturally, new students, especially Freshmen, are a bit in doubt as to where to go and what to do upon arrival on their college campus for the first time. At the outset, be advised that you buy your transportation, not to Maryville, but to Knoxville. Then take a taxi to "the Maryville bus station" and buy your ticket for Knoxville-to-Maryville. No doubt, you will meet other Maryvillians, old and new, on this bus.

When you arrive on the campus, the new young women should go to Baldwin Hall, where they will be assigned rooms, unless sent from there to Memorial or Pearsons for that purpose. The young men should report to Mr. McCurry (Mr. "Mac") in the lobby of Carnegie Hall for their room assignments. Then when you have temporarily arranged your room, go out on the campus and get acquainted with the place and with the people whom you meet.

This is the best way to counteract homesickness, which may trouble some. When you get homesick, remember that the reason for it is that you do not

know enough about Maryville. You can know Maryville by making all possible contacts, and by supplementing what you see and hear with additional study of the information given you in this little handbook. You have as much right to your place on this campus and in this College as anyone else here has to his. Assume your right, become familiar with the College and its student personnel, and your homesickness will vanish instantly.

Opening Social Activity

The best way to become acquainted with Maryville, aside from your own voluntary explorations, is to take full advantage of the earliest social opportunities. All young men should eagerly follow the crowd to the Y. M. C. A. "Pow Wow" in the College Woods. All young women should attend the Y. W. C. A. reception. The literary societies also should receive much of your attention. And don't fail to visit the clubs. Visitors are always welcome at any club meeting, and you may find a desirable membership. The Faculty reception will prove an excellent opportunity to meet your professors as plain men and women whom you thus will find are your true friends. New students, don't miss anything; it's all for you! Take it and use it to your advantage.

Routine College Life

After you have settled down to a routine life, you will find that your time may be divided among various activities: the required curricular, and the elective extra-curricular. A choice will be necessary, and it is at this point that many students fall to the ground.

Some choose to forgo the extra-curricular that they might "bookworm" their way to the honor roll in their curricular studies. Such a choice is outside the bounds of common sense. If a student is unable to make the honor roll without being a "bookworm" then he ought to stay off the honor roll band wagon. We have known students to make straight "A's", yet not know how to conduct themselves socially or how to solve problems not taken from textbooks. Such students are credit neither to themselves nor to their college.

On the other hand, there are some that have their fingers in so many extra-curricular pies that their studies suffer. Much of this is due to a false idea of college loyalty. It should be borne in mind, however, that it is not loyalty to neglect studies for athletics, for example, because poor grades render the athlete ineligible for competition. If you have any loyalty at all, you will preserve your curricular standing in order that the College may receive the benefit of your athletic, or forensic or musical, ability.

Miscellaneous Responsibilities

In addition to those major responsibilities which in general apply to all college students, there are a number of incidental responsibilities which we conceive of as being the part of all true Maryvillians.

The first which we might mention is dues. Your class and your clubs all ask you for yearly dues. Those of the classes vary in amount; most club dues are a dollar a year. In addition to these dues, your copy of the College

year-book will cost probably about four dollars, and you should not order your copy without paying for it.

Many disloyal students, who wrongly consider themselves true Maryvillians, neglect habitually to pay their dues. Some boast of their failure to pay. Others insist that they owe the College money, and that therefore they cannot afford club dues. Yet these same students are seen in town at the theater, in the candy store, and at the soda fountain. You cannot fool the various treasurers, and you cannot bluff your way into the company of the loyal. Include your dues in your budget BEFORE you come to Maryville, and when you get here PAY them.

Besides dues, you owe it to the clubs that you join to attend their meetings and to stick to their highest ideals. And if you are elected to office in any of them it is no more than common courtesy that the responsibilities thus given you be fulfilled.

To the institution in general, and to those who bear Maryville's athletic burdens in particular, you owe a thorough knowledge of the Alma Mater and of the Pep Songs and Yells.

Finally, to your God, you owe a rigid morality, a gentle culture and refinement, and a fervent, Spirit-filled life. Only thus, can one be a true Maryvillian.

No pain, no palm; no thorns, no throne; no gall, no glory; no cross, no crown!

PART II

Y. M. C. A.
and
Y. W. C. A.

Y. M. C. A. PRESIDENT'S WELCOME

FELLOWS:

You are as welcome as the flowers of May!!! It is with the greatest pleasure and highest anticipation that I can, as president of the Y. M. C. A., welcome you to Maryville. The Y. M. C. A. wishes to help you develop the well-rounded life, to help you to find what you can do well, and to help you to do well what you do. Come to Maryville with a purpose and use such strength of body, mind, and spirit as God gives you to achieve it.

The Y. M. C. A. is concerned with nearly every activity on the Hill. Plan to attend the services and to give the best that is in you when called upon. Get acquainted with the officers and the cabinet, and feel free to call upon us any time we can help you.

I hope to greet you personally in a few days.

Yours sincerely,
ALEXANDER "DOC" DUFF,
President Y. M. C. A.

There are no tricks in plain and simple faith.

Let's all buck and up and nobody pass the buck.

Better to remain silent and be thought a fool, than to speak and remove all doubt.

Y. W. C. A. PRESIDENT'S WELCOME

DEAR NEW GIRLS:

Y. W. welcomes you! We are so happy to know that you have chosen Maryville for your college, and we know that you will learn to love it as we do.

If you are the least bit frightened about coming to a strange place, let your fears vanish at once! As soon as you reach the campus there will be a Y. W. girl to welcome you, and to make you feel at home; and right then you start being one of a big family. Perhaps your big sister has already written to you. If so, write to her and ask her any questions you may wish.

Our Y. W. C. A. means a great deal to us here on College Hill, and we sincerely hope that you will take part in its activities for the pleasure, inspiration, and comradeship to be gained. It will make your college days richer, it will make you happier, and it will deepen your concept of life.

So, we extend our hands in fellowship, and we are eagerly looking forward to greeting you in person on September 14.

Sincerely,

INEZ HAMRICK,
President Y. W. C. A.

Our success depends on how well we can express ourselves in terms of work.

Y. M. C. A. ACTIVITY

The development of Christian young men in body, mind, and spirit—this is the purpose of the Y. M. C. A. Hence, its activity must of necessity be threefold in its nature.

To develop the body, the Y. M. C. A. sponsors and directs hikes and interclass athletics for the men. Football, soccer, swimming, basketball, wrestling, boxing, track, baseball, tennis, handball, hiking—all of these should be on the program of each new student as he comes to Maryville. Go out for the varsity squads where there are such, if you can; if this is not possible, register for participation in the interclass meets, and at least play your own independent games for your own physical benefit.

To develop the mind and spirit, meetings are held every Sunday afternoon in the Bartlett Hall auditorium. These meetings are characterized by addresses by able speakers and discussions by the men themselves in round table fashion. These Sunday programs are intended to supply a great need which exists today, namely, the need for a vital, Fundamental Christianity that is thorough in its research and world-wide in its perspective.

Plan to attend these meetings and to participate in the other "Y" activities. You will derive much benefit from doing so, and the interests of the organization will be forwarded.

Every act is a boomerang. Read that again.

Y. W. C. A. ACTIVITY

The one all-important purpose of the Y. W. C. A. is to lead the young women of the College to a saving knowledge of, and intimacy with, Jesus Christ, and to accelerate their growth in grace by encouraging their participation in the various attractive phases of its activity.

Unlike the Y. M. C. A., the Y. W. C. A. does not foster a special program of athletic activity, except hikes, because the physical side of the life of the women students is amply provided for by other agencies. This fact allows the organization to concentrate its efforts upon the mental and spiritual and, incidentally, the social welfare of its members.

The Sunday afternoon meetings are characterized by programs very attractive and orderly in conduct and practical in content. And no one can forget the impressive services of new members' installation and of new officers' inauguration, one of each being held every year.

One of the distinctive features of Y. W. C. A. activity is the "big sister-little sister" plan. Each new girl is assigned to an older girl who thereupon assumes the role of "big sister" to the new girl. You will find in your "big sister" one who will make life easy for you when you arrive, who will start you off, so to speak, on your college career, helping you to solve your problems—in general, being your first Maryvillian friend.

JOINT ACTIVITIES

Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and the Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations co-operate. The programs of these joint meetings are of a special character, and are very worth while.

Fred Hope Drives

The work of one of Maryville's graduates in the mission field, Fred Hope, of Africa, is supported largely through the volunteer offerings on the part of the students, made once each year in what is termed the "Fred Hope Drive."

Blue Ridge Conferences

Each spring, following commencement, a conference of southern college Y. M. C. A.'s and Y. W. C. A.'s is held at Blue Ridge, North Carolina. The two organizations on College Hill regularly send delegates to these conferences.

Lyceum Courses

The lyceum courses, sponsored jointly by the Y. M. C. A. and Y. W. C. A., consist of about four numbers each year, including musical, literary, or other cultural entertainment. You will want to attend these lyceum programs.

Circuses

Once a year the alumni gymnasium is the scene of a tremendous circus, put on jointly by the Y. M. C. A. and the Y. W. C. A. Is it funny? Well, just come around and watch those crazy clowns!

NEW-STUDENT ORGANIZATIONS

Fellowship Club

Every year during the first semester, prior to the Christmas vacation, the Bartlett Hall auditorium is the scene of the weekly meetings of a Y. M. C. A.-sponsored organization for the new men, called the Fellowship Club. The officers and members of this Club are all new men, who thus have an organized opportunity of their own to inaugurate activity on the Hill during the opening weeks of their college life. Keep your eyes and ears open for the first announcement of the meeting of the 1932 Fellowship Club, and be there on time.

New Girls Society

The New Girls Society, commonly known as "Nu Gamma Sigma," is an organization sponsored by, but semi-independent of, the Y. W. C. A. The incoming young women students are divided into groups, each group being placed under an older Y. W. C. A. member designated as a "Nu Gamma leader." These groups meet separately once a week during the first semester of the college year and discuss informally the various problems that are bound to arise, the leader so guiding the discussion that solutions to these problems may be found. Lasting friendships are formed as a result of these Nu Gamma groups.

The only way to secure friends is to be one.

O MASTER, LET ME WALK WITH THEE

Washington Gladden

O Master, let me walk with Thee
In lowly paths of service free;
Tell me Thy secret; help me bear
The strain of toil, the fret of care.

Help me the slow of heart to move
By some clear, winning word of love;
Teach me the wayward feet to stay,
And guide them in the homeward way.

Teach me Thy patience; still with Thee
In closer, dearer company,
In work that keeps faith sweet and strong,
In trust that triumphs over wrong;

In hope that sends a shining ray
Far down the future's broad'ning way;
In peace that only Thou canst give,
With Thee, O Master, let me live.

—Hymns of the Widening Kingdom.

Consider the acorn; it, too, is a nut.

There is only one proof of ability—action.

The trouble with most men who turn over a new leaf is that they use the loose-leaf system.

PART III

GENERAL STUDENT ACTIVITY

GOVERNMENTAL ORGANIZATIONS

Student Council

Organized in 1923, the Student Council is an elected body comprising eight Seniors, six Juniors, four Sophomores, and four Freshmen. Its purpose is three-fold: to furnish a representative body of students, who, by virtue of their position and influence in student affairs, will be able to express the sentiment of the student body; to co-operate with the Faculty in maintaining the ideals, traditions, and customs of the College; and to serve as a medium of communication between the students and any other party seeking to carry out a plan approved by the Council and by the Faculty. You will find the full text of the constitution of the Council printed in the book of rules and regulations sent to you prior to your matriculation.

Student-Faculty Contact Committee

Organized in 1930, the Student-Faculty Contact Committee is composed of representatives of each student class and of the Faculty. It has for its purpose the dealing with the matters of common interest to students and Faculty and the creation of a better understanding between the two groups.

Athletic Board of Control

The Athletic Board of Control is the governing body of the Athletic Association, which is the student body. Elected by the students, the Board determines the winners of the athletes' letters, elects the team managers, and performs other functions necessary in the administration of the College athletics.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha chapter of the national honorary forensic fraternity Pi Kappa Delta. This organization proves a great inspiration for those interested in any phase of forensics and membership in it is a coveted honor.

Theta Alpha Phi

The Tennessee Delta chapter of the national honorary dramatic fraternity, Theta Alpha Phi, is located at Maryville, and is composed of the talented students in dramatics. After a student has met the rigid requirements for membership he is initiated into the fraternity, and becomes a permanent member.

Sigma Delta Psi

The Maryville chapter of Sigma Delta Psi, the national athletic fraternity, was established during the year 1930. Membership is open to all male students of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Such membership is earned through meeting the standard requirements of the various athletic tests in the presence of a responsible committee.

According to the constitution of Sigma Delta Psi, the object of the society shall be the encouragement of the moral, physical, and mental development and training among college students.

LITERARY SOCIETIES

There are four literary societies on the Hill. The men's societies are the Athenian and Alpha Sigma. The women's are Bainonian and Theta Epsilon. Athenian and Bainonian are brother and sister societies, as are Alpha Sigma and Theta Epsilon.

The women's societies each have a rush week at the beginning of the year. At the end of this time each new woman decides which society she will join. The men's societies have their first meeting on the same night, and each throws a big feed at that time. Each new man usually visits both societies, and then joins the one of his choice.

Each of the societies meets in its respective hall on every Saturday evening. A short program of either, or both, literary and musical nature is enjoyed. Once each semester joint meetings are held, when brother and sister societies join for a good social time.

Every year each of the societies, with the help of its brother or sister society, presents a three or four-act play. A cup is presented by our Theta Alpha Phi Chapter for the best mid-winter, as it is called, of the year. A society winning the cup three years in succession gains permanent possession.

There is a great deal of fellowship and fun within the societies and a fine spirit among them.

You just can't afford not to belong to a society. Come and join.

MUSICAL ORGANIZATIONS

One of the cultural sides of life which has been progressing at Maryville is the musical. Everyone with intelligence has come to recognize that some active interest in music is desirable in a well-rounded life. On this supposition, five musical organizations have been formed, three of which are choral, and two instrumental.

The three choral organizations are the Vesper Choir, the Maryville Glee Singers, and the Women's Glee Club. The Vesper Choir is composed of forty voices, mixed, chosen upon tryouts by the choir director. It serves in the worship services on Sunday evening and at daily chapel. The Maryville Glee Singers are a male chorus of eighteen or twenty voices, chosen after tryouts, which gives concerts not only on the Hill, but also at other places on trips. The Women's Glee Club is similar in most respects to that of the men.

The two instrumental organizations are the orchestra and the band. These afford students who are familiar with musical instruments opportunity to both display and improve their talents. And who can forget the thrill of attending a night football game, between the halves of which the band, formed into a large "M," plays the stirring strains of the Alma Mater? Bring your trumpets, your flutes, and your other instruments, neo-Maryvillians; they are wanted.

Put your creed into your deed.

CLUBS

Student Volunteer Group

The oldest and strongest college Group in the Tennessee Student Volunteer Union traces its history back to 1894, which was only six years later than the date of the founding of the national Student Volunteer Movement for Foreign Missions. Composed not only of those who have pledged themselves to the foreign mission field, but also of those whose willingness to consider missionary work for their vocations and whose general interest in missions are such as to make them active members, the Group holds meetings at least once a week, in which some phase of missionary work or some topic related to missions is discussed. Visitors are always welcome and present at these meetings. During the coming year, it is expected that deputations work to other colleges will be introduced.

Ministerial Association

The Ministerial Association (founded in 1900), although composed of those whose chosen vocation may be in the ministerial, lay-evangelistic, or other field of ecclesiastical activity, is primarily an organization of candidates for the ministry of Christ. The ideal for the Association is, of course, the brotherly assembling of those whose lives fit their creeds; in meetings characterized at all times by quiet order, in worship by deep reverence, in business by parliamentary procedure and gentlemanly courtesy; the programs of these meetings to cover such topics familiarity with which is requisite to a

faithful minister. New ministerial students are invited to join hands with the Association, not only to help in the realization of this ideal, but also to participate in the personal work done in the mission, the county almshouse, the county prison, and the country churches of the vicinity.

Law Club

One of the greatest needs in Amercia today is for lawyers of high moral calibre. The main purpose of the Law Club is to foster the development of standards conducive to the supplying of that need. The other purpose of the Club is to familiarize its members with the features of their contemplative vocation by means of drills in parliamentary procedure, mock trials, and lectures and discussions on the various phases of law and its professional practice.

Pre-Medical Club

The Pre-Medical Club is composed, generally, of those whose major interest lies in the practice of medicine as a vocation. It aims to create a better understanding of the problems and interests of the medical profession of today.

Chemistry Club

Somewhat akin to the Pre-Medical Club, but more scientific than vocational, is the Chemistry Club, membership in which is restricted to those who have studied general chemistry. The meetings of the Club are characterized by faculty lectures and student papers on up-to-date chemical subjects.

Home Economics Club

The future dietitians, trained nurses, and class A-1 housewives, technical students of food and fashions, have banded themselves together into a Home Economics Club, which fosters the performance by its members of practical projects in their various fields of interest.

Art Club

The amateur artists on the Hill have formed a club wherein they may give expression to the talents that are theirs.

Writers' Workshop

One of the most consistently active clubs on the Hill is known as the Writers' Workshop, for enthusiastic students of English composition. Membership is by election from the Faculty and the Senior and Junior Classes, and is on a basis of literary ability. One paper a semester is submitted by each member for the constructive and destructive criticism of the club. The meetings are weekly.

Psychology Club

Commonly known as "Lambda Tau Psi," the Psychology Club is composed of those who are interested in the study of psychology in the various forms in which it is noticeable in society. The Club's meetings are characterized by discussions conducted on the basis of previous research work.

History Club

History is one of the most popular subjects on the Hill when it comes to

curricular majors, largely because it is so broad a subject, including of necessity some knowledge also of religion, astronomy, literature, the natural sciences, and political and social science. Those who major in history are eligible to membership in the History Club, an organization which considers themes encouraging to the pursuit of further study and work in history.

Spanish Club

The Spanish Club is composed of those deeply enough interested in Spanish language, literature, and culture to put into practice what Spanish they know, in the form of conventional speech and literary and dramatic activity.

French Club

Similar to the Spanish Club is the French Club, the interests of which, however, are French rather than Spanish.

German Club

Similar to the Spanish and French Clubs is the German Club, with corresponding German interests.

"M" Club

The "M" Club membership is restrictive. Its name indicates that its members are only those wearing the coveted athletic letter of the College. Are you going to win your letter here at Maryville, and belong to this Club?

Hi-Trail Club

Commonly known as "Pi Upsilon," the Hi-Trail Club is an outdoor hiking club having an exclusive membership limited to twelve men.

State Clubs

College Hill is full of "state" clubs. Every year there are the familiar Knoxville, Friendsville, East Tennessee, Middle Tennessee, West Tennessee, Carolina, Triangle (Pennsylvania, New Jersey, New York), Ohio, Three "I" (Indiana, Illinois, Iowa), Kentucky, Alabama, Florida, Western States, and perhaps other, Clubs, which take in everybody in groups from the same section of the country. You will want to join the club that represents your own "home state."

SUCCESS

It's doing your job the best you can
And being just to your fellow-man;
It's making money, but holding friends,
And staying true to your aims and ends;
It's figuring how and learning why,
And looking forward and thinking high,
And dreaming a little and doing much;
It's always keeping in closest touch
With what is finest in word and deed;
It's being thorough, yet making speed;
It's struggling on with a will to win,
But taking loss with a cheerful grin;
It's sharing sorrow and work and mirth
And making better this good old earth;
It's serving, striving, through strain and stress,
It's doing your noblest—that's Success.

—The American Press.

It makes no difference how big your feet are if they are pointed in the right direction and are on the move.

STUDENT PUBLICATIONS

Chilhowean

The **Chilhowean** is the college yearbook, and is published each spring by the Junior Class. In it one finds the pictures of his fellow students and of the various organizations and events on the Hill, and one finds also those beautiful views of the campus which have become so dear to Maryvillians. During May, a familiar sight on the campus is that of students writing personal messages in one another's **Chilhowean.** These memoranda of sacred friendships are indispensable to every true Maryvillian. You will want to reserve your **Chilhowean** in September.

The Highland Echo

The Highland Echo is a weekly, student-published newspaper. Conducted on the same basis as larger newspapers, **The Highland Echo** aims to give you each week a careful report and forecast of all campus items of interest on the Hill, whether social, religious, curricular, forensic, musical, or athletic. Your subscription to this indispensable news medium will be paid with your first semester bill.

The Maryville College Handbook

The Maryville College Handbook, commonly known as the "M" Book, is a yearly publication of the Y. M. C. A. and Y. W. C. A. on the Hill. Its aim is to introduce Maryville to the new students. This fact is the reason for the present book, which you are now reading, having been sent to you. The matter of orientation is much simpli-

fied by means of the service which the Y. M. C. A. and Y. W. C. A. have been enabled to render by means of this little handbook.

The S. V. W. N. Bulletin

The Student Volunteer World News Bulletin is a weekly, student publication sponsored by the Student Volunteer Group on the Hill. It differs from the other three publications in that it is not printed for circulation, but instead is typed and posted on a bulletin board in the College Library. **The S. V. W. N. Bulletin** summarizes recent, important, world news each week by means of a colored map of the world with brief items attached. In addition, an editorial column expresses the opinions of the student Editors concerning the political, economic, social, religious, scientific, and educational questions of the day; and an open forum is conducted, wherein others of the students express their opinions on the same questions. There is really a great need among American college students today for an active interest in world affairs, and this bulletin board is attempting to supply part of that need. We shall expect you to join hands with us in this project.

Which wears out first, the seat of your trousers or the soles of your shoes?

Don't be always blaming your equipment; usually you can get along with what you've got if you try.

PART IV

ATHLETICS

MARYVILLE AND ATHLETICS IN GENERAL

Whenever one thinks of college nowadays, immediately he thinks of college athletics. Everyone is familiar with the great university teams of the country. On the other hand, the small colleges are not so well known as a rule, for they do not employ mercenary athletes and, consequently, cannot produce the best teams. Especially is this true with reference to Christian colleges, in which classification Maryville belongs.

Maryville, however, is the exception that proves the rule. As a Christian college ought, so Maryville believes in the complete development of a fully rounded life. Accordingly, stress is laid upon athletics. For this reason, Maryville has produced and does produce teams that are widely known for their conditioning, their "fight," and their general ability. Yet Maryville has nothing to do with star athletes who are mercenary in their inclinations. Her teams are the result rather of able coaching and of persistent practice. And it goes without saying that, as a Christian college, Maryville has built up a reputation for clean athletics.

Leaders are chosen—rarely self-appointed.

The man who stopped on third base to congratulate himself never made a home run.

MAJOR VARSITY SPORTS

Football

Football at Maryville has a long and creditable history. The men are now coached by Coach Honaker in the backfield and by Coach Thrower on the line. These coaches, with the co-operation of the men out for the team, have succeeded in building up elevens which were hard to beat. In the recent past, Maryville has played tie games with such big aggregations as the University of Tennessee Volunteers and the University of Kentucky Wildcats; and last year, for the second straight year and for the third time in the last four years, the Smoky Mountain Conference championship was won by the Orange and Garnet. The training season commences in the early part of September; so, get out there and fight, men!

Basketball

In the latter part of November, when the football season closes, you basketball men want to get out on that floor and begin working, because our basketball squad is continually being pared down, as we use only the best players on the varsity squad. However, there is room for everybody to try out, and if you aspire to a position on the team that has made so many good records in the past, let Coach Honaker know that you are coming out for basketball.

Baseball

If there is one major sport in which Maryville "can't be beat," it is baseball. Not a few times the Tennessee state championship has been won by

MARYVILLE TRACK-AND-FIELD RECORDS, June 2, 1932

EVENT	RECORD	HOLDER AND DATE
100 Yard Run	10 sec.	Schmock, '14 Williams, '29
220 Yard Run	21.7 sec.	Williams, '29
440 Yard Run	52 sec.	Thompson, '25
880 Yard Run	2 min., 4.6 sec.	Hitch, '32
1 Mlle Run	4 min., 34 sec.	Mann, '27
2 Mile Run	9 mln., 58.4 sec.	Moore, '32
120 Yard High Hurdles	16.2 sec.	Crawford, '29
220 Yard Low Hurdles	26.1 sec.	Vincent, '29
1 Mile Relay	3 min., 35 sec.	Morgan, Brown, Lorenz, Thompson, '29
Pole Vault	11 ft. 2 in.	Felknor, '32
Shot Put	41 ft., 1½ in.	Thrower, 25
Discus Throw	112 ft.	Brock, '25
Javelin Throw	176 ft.	Russell, '32
High Jump	5 ft., 8 in.	MacDonald, '27 Vincent, '29
Broad Jump	21 ft., 2 in.	Bush, '15 Williams, '29
5 Mile Cross Country Run	27 min., 26.8 sec.	Moore, '31

our boys. And, say, have you been watching the playing of John Stone, of the Detroit Tigers, this year? Well, in case you don't know it, Mr. Stone is an old Maryvillian of fame and glory! Better come out at Coach Honaker's call next March and see if you can follow in Stone's footsteps.

Track-and-Field

And now we come to the sport which is one of the neatest on College Hill—track-and-field, coached by Coach Thrower, who formerly was himself an Orange and Garnet star in the field events and who still holds the College shot put record. Although the youngest of our major sports, track has finally succeeded in securing a real measure of the recognition that is its due. Maryville's varsity track teams have made enviable records during the ten years of their history, particularly in the last few of those ten, and against the larger universities their records are of the best among all branches of athletics. It used to be that a high school track star who was desirous of adding to his honors would stay away from Maryville. The case is just the opposite at the present time, however. Now, the best advice we can give to a track star is, "Come to Maryville if you want further development. We have a coach who will get the goods out of you if you've got any, and we have the varsity schedule that will make it worth your while to put in a full season's training." Don't fail to respond to the call next March.

A wager is a fool's argument.

MINOR VARSITY SPORTS

Cross Country

We list cross country under the head of "Minor Varsity Sports," not because it belongs there now, but because there are those of us that are bent on getting it there. Until now all that we have had has been an interclass cross country meet, directed by the Y. M. C. A., and participated in by whoever was "cocky" enough to think that he could win. The showing made by the participants in last November's 5-mile affair has convinced many of us that Maryville should have a varsity team beginning with this autumn of 1932. Whether or not this idea is realized depends largely on the response made this September to a call for cross country runners. Men! Are you behind us? We'll be watching for you to prove that you are so soon as College opens.

Wrestling

Wrestling is another sport that has witnessed a rapid rise to prominence at Maryville. Coach Thrower took over the controlling reins last year, and the team that he built up beat Vanderbilt University, of Nashville, so badly that it wasn't even funny. This year there are plenty of open berths for the new men to scramble after. So, get ready!

Tennis

Tennis is the minor sport that supplies our spring season with those neat, gentlemanly contests that are noted for both their quiet order and their sharp-witted and skilled competition. Coach Smith, being always on the look-

out for new stars, will have his eyes on you. If you can play tennis, therefore, you had better come prepared to do your best.

Interclass Sports

In addition to the regular varsity sports, Maryville sponsors interclass sports. These are directed in the main by the Y. M. C. A. Interclass sports serve to keep alive a competitive spirit among the students, and they also provide an outlet for those interested in athletic participation but unable to train for the varsity squads.

You can't be a howling success by simply howling.

Funny that to come out on top you must first dig in.

All sins have blue eyes and dimples when they are young.

Genius has rocked her biggest children in the cradle of hardship.

Emulate the teakettle—though up to its neck in hot water, still it singeth!

Justice offers nothing but what may be accepted with honor; and lays claim to nothing in return but what we ought not even to wish to withhold.

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with the point system has been adopted. This gives every girl an equal chance to participate in every sport and a chance to win the coveted monogram, the small letter or the large letter and sweater.

The honors are awarded as follows: 300 points, Maryville Monogram M. C.; 400 points, small letter M; 500 points, letter and sweater.

Points shall be earned as follows:

A. Teams. 50 points each team.

Class teams—

1. Basketball..... 6 players team
2. Soccer.....11 players team
3. Volleyball..... 9 players team
4. Baseball..... 9 players team
5. Tennis..... 6 players team

Squad of any team sport, 20 points.
Manager of any team sport, 15 points.
Captain of any team sport, 10 points.
Coach squad (basketball), 15 points.
Perfect attendance, 10 points.

B. Tests.

1. Swimming: Limit, 50.
2. Stunts: Limit, 25.
3. Archery: Limit, 50.
4. Track: Limit, 50.
5. Hiking: Limit, 50.

C. Scholarship.

1. An "A" average in academic work for any semester, 20% of points won in addition.
2. A "B" average adds 10% of points won.

D. Health.

1. Observing health rules for one semester, 25 points. Two semesters, 50 points.

LETTERS AND MONGRAMS

Designs

The standard athlete's award consists of a garnet sweater bearing an orange "M." The form of the "M" is varied to designate the different sports. In the major category, the football letter is an 8-inch block "M," the basketball letter a 6-inch block "M," the baseball letter a 7-inch plain "M," and the track letter a 5-inch tapered block "M" with wings attached. Minor sport letters are 5-inch block "M's."

The letter for women's athletics is more decorative in form, and the monogram consists of an "M" and a "C" superimposed upon each other.

The Wearing of Maryville Letters

Maryville letters and sweaters are to be worn only by those to whom they have been awarded. There have been past violations of this rule, but the ones guilty of violation are only those who lack the loyalty to prove themselves worthy of the good faith in which the awards have been granted to them by the College.

The Wearing of Other Letters

Any letter or monogram won by a student at another school must not be worn while the student is enrolled at Maryville. This rule has been repeatedly violated in the past, especially by women students. Its violation is a mark not only of disrespect for the honor and dignity of the College athletes, but also of a lack of loyalty and Maryville-centered devotion.

PRAYER OF A SPORTSMAN

(Berton Braley)

Dear Lord, in the battle that goes on through life
I ask but a field that is fair,
A chance that is equal with all in the strife
A courage to strive and to dare.
And if I should lose, let me stand the code
With my faith and my honor held high;
And if I should lose, let me stand by the road
And cheer as the winners go by.

And Lord, may my shouts be ungrudgingly clear,
A tribute that comes from the heart
And let me not cherish a snarl or a sneer
Or play any sniveling part;
Let me say, "There they ride on whom laurel's bestowed
Since they played the game better than I."
Let me stand with a smile by the side of the road,
And cheer as the winners go by.

So grant me to conquer, if conquer I can
By proving my worth in the fray;
But teach me to lose like a Regular Man
And not like a craven I pray.
Let me take off my hat to the warriors who strode
To victory splendid and high;
Yes, teach me to stand by the side of the road
And cheer as the winners go by.

—American Legion Weekly.

PART V

SONGS, COLORS, YELLS, SCHEDULES

COLLEGE SONGS

The Alma Mater

I.

Where Chilhowee's lofty mountains,
  Pierce the southern blue,
Proudly stands our Alma Mater,
  Noble, grand, and true.

II.

As thy hilltop crowned with cedars
  Ever green appears;
So thy memory fresh shall linger
  Through life's smiles and tears.

III.

Lift the chorus, wake the echoes,
  Make the welkin ring!
Hail the queen of all the highlands!
  Loud her praises sing.

Chorus after each stanza:

Orange, garnet, float forever,
  Ensign of our hill!
Hail to thee, our Alma Mater!
  Hail to Maryville.

Note:—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

The Old Pep Song

We've got the rep, rep, rep, of old Maryville!
We've got the pep, pep, pep, of old College Hill!
We've got the strength to knock 'em stiff
And never know the diff,
For we're from Maryville of Tennessee.

The New Pep Song

Here we go! Here we go!
Down the field to crush the foe,
As the Scotties go marching along.
Men of might! Men of fight!
Orange, garnet, waving bright
While we make the Hill merry with song.
Then it's hi, hi, hi,
We'll win this game or die.
Highlanders! Fight to the end.
Rah! Rah!
And we won't be done
Until the victory's won
For the pride of our hearts—Maryville!

MARYVILLE COLLEGE

MARYVILLE, TENNESSEE

Founded in 1819

Through more than a century Maryville College has steadily gained in standards, enrollment, equipment, program, and influence.

With 65% of its 800 students coming from the Southern Appalachian area, the College serves the region for which it was founded; yet with 40 States represented, it avoids the limitations of provincialism. Annually many applicants must be turned away.

Christian in purpose, history, and program, Maryville sends men and women to strengthen the Christian cause throughout the world and the Church.

By sacrificial endeavor student expenses are kept astonishingly low, and self-help opportunities are provided.

Its endowment is very inadequate for the service Maryville is asked to render.
